

AHMED SAMEH

Flutter Developer | Mobile Application Engineer

Mansoura, Egypt | 01090047338 | ahmedsameh77sa@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Flutter Developer and Computer Science graduate (Mansoura University) experienced in building cross-platform mobile apps with Flutter, Dart, Bloc/Cubit, and Clean Architecture. Skilled at integrating REST APIs, Firebase, and Supabase to deliver responsive, production-ready applications and collaborating via Git.

TECHNICAL SKILLS

Languages: Dart, Python, C#

Frameworks & State Management: Flutter, Bloc, Cubit, Provider

Backend & APIs: REST APIs, Firebase (Auth, Firestore), Supabase, SQLite

Architecture & Design: Clean Architecture, MVVM, Responsive UI, Material Design 3

Tools & Practices: Git, GitHub, Postman, Android Studio, VS Code, Agile, API integration

PROJECTS

Sporty — Sports E-Commerce Mobile App *Flutter, Supabase, Bloc/Cubit*

- Built a full-featured e-commerce app with authentication, cart, wishlist, and profile management using Clean Architecture, Bloc/Cubit, and responsive UI; collaborated via Git/GitHub.

CareLink — Healthcare Mobile App (Graduation Project) *Flutter, Firebase, Cloud Firestore, Bloc/Cubit*

- Developed a healthcare app connecting patients with services, featuring secure authentication, patient profiles, and healthcare service management using Clean Architecture.

E-Commerce Mobile Application *Flutter, REST APIs, Cubit*

- Developed a shopping app integrating REST APIs for live product/order data, using Cubit and Clean Architecture with reusable, responsive widgets.
-

TRAINING & INTERNSHIPS

NTI Flutter Mobile Development Scholarship *2026*

- Completed an intensive Flutter scholarship at the National Telecommunication Institute (NTI); built real-world apps using REST APIs, Dio, Bloc/Cubit, and Clean Architecture, and led the team through the technical project.

WE Flutter Developer Training *2026*

- Applied training in Flutter development covering state management, architecture, and backend integration.

ITI Flutter Development Internship *2025*

- Hands-on internship at the Information Technology Institute (ITI) building real-world Flutter applications.
-

EDUCATION

B.Sc. in Computer Science — Mansoura University GPA: 3.0/4.0
